# ICT30419 - CERTIFICATE III IN TELECOMMUNICATIONS NETWORK BUILD AND OPERATION

JB HUNTER

Become nbn™ Workforce Ready

Hands On, Skills Based Delivery

nbn™ Focused Training Content

The ICT30419 Certificate III in Telecommunications Network Build and Operation is designed to provide the skills and knowledge you will need to work on the **nbn™**. The course can be tailored to suit workers constructing the FTTN, FTTC, FTTP or HFC network. Training is delivered on **nbn™** approved equipment using the latest tools and test equipment.

Successful participants will be able to upload their Qualification to the **nbn™** enAble system. This will provide accreditation for task based work on the **nbn™**.

The **nbn™** enAble accreditation system is administered by **nbn™**. JB Hunter is not able to provide specific advice on worker accreditation. **nbn™** reserves the right to change accreditation requirements. Please check with your Delivery Partner for appropriate unit selection.

DURATION
This course is delivered over a 12 - 36 month period

COMMENCEMENT
Classes run regularly with start times flexible. Refer to our website for schedule of upcoming training at www.jbhunter.edu.au
