

ICT30519 - CERTIFICATE III IN TELECOMMUNICATIONS TECHNOLOGY

Trade Level Qualification

Includes Open Cabler Registration Training*

Hands On, Skill Based Delivery

The ICT30519 Certificate III in Telecommunications Technology is a trade level qualification for those working in the telecommunications industry. This program covers a broad range of telecommunications skills and provides a solid base for workers undertaking jobs selecting, installing and configuring equipment in convergent technology networks.

Successful participants will have an understanding of optical, copper and coaxial cabling. They will understand the regulatory requirements around telecommunications work and be provided with the opportunity to practice their skills in a simulated environment.

** To obtain your Open Cabler Registration, you must also complete 360 industry based cabling hours and apply via an ACMA approved registrar.*
