

ICT30519 - CERTIFICATE III IN TELECOMMUNICATIONS TECHNOLOGY

Trade Level Qualification

Includes Open Cabler Registration Training*

Hands On, Skill Based Delivery

The ICT30519 Certificate III in Telecommunications Technology is a trade level qualification for those working in the telecommunications industry. This program covers a broad range of telecommunications skills and provides a solid base for workers undertaking jobs selecting, installing and configuring equipment in convergent technology networks.

Successful participants will have an understanding of optical, copper and coaxial cabling. They will understand the regulatory requirements around telecommunications work and be provided with the opportunity to practice their skills in a simulated environment.

** To obtain your Open Cabler Registration, you must also complete 360 industry based cabling hours and apply via an ACMA approved registrar.*

***A deposit of \$1500.00 will be required prior to course commencement. Payment plan options available.*

DURATION

This course is delivered over a 12 - 36 month period

COMMENCEMENT

Enrol anytime. Refer to our website for schedule of upcoming training at www.jbhunter.edu.au

LOCATION

Delivered at all JB Hunter training facilities. Refer to website for venues and locations

COST

\$4,000 (GST Exempt)**

HOW TO APPLY

Contact our office on 1800 672 933 or email reception@jbhunter.edu.au for an enrolment pack

OUTCOME

ICT30519 Certificate III in Telecommunications Technology will be issued on successful completion

1800 672 933

JB Hunter RTO ID 90277

ICT30519 - CERTIFICATE III IN TELECOMMUNICATIONS TECHNOLOGY

Pre-requisites

All pre-requisite units are covered in the training being delivered.

Other Entry Requirements

Students will be required to undertake an initial skills assessment, comprising of a Language, Literacy and Numeracy (LLN) assessment prior to course commencement to assess their readiness for Cert III training. If you have a colour vision deficiency, please advise the student support team to discuss any barriers to completing this training.

Delivery

This program is available via face to face delivery with some online learning content.

Qualification

This qualification comprises 16 units of competency including 6 core units and 10 elective units as per <https://bit.ly/2UqXk1i>

Traineeships/Apprenticeships

This program may be available as a traineeship or apprenticeship in your state. Please ask your enrolment advisor about traineeship/apprenticeship options.

Accreditation

Core units

ICTWHS204	Follow work health and safety and environmental policy and procedures
ICTTEN208	Use electrical skills when working with telecommunications networks
ICTTEN202	Use hand and power tools
ICTTEN317	Locate, identify and rectify telecommunications network faults
ICTWOR308	Provide customer service to telecommunications customers
ICTTEN315	Determine and apply technologies within a telecommunications system

Open Registration

ICTCBL246	Install, maintain and modify customer premises communications cabling: ACMA Restricted Rule
ICTCBL247	Install, maintain and modify customer premises communications cabling: ACMA Open Rule

Cabling Endorsements

ICTCBL301	Install, terminate and certify structured cabling installation
ICTCBL322	Install, test and terminate optical fibre cable on customer premises
ICTTEN318	Inspect, clean and handle optical fibre cable and connectors
ICTCBL303	Install and terminate coaxial cable

Other Electives

ICTCBL323	Test cables and systems on customer premises
ICTWOR305	Supervise worksite activities
ICTTEN207	Install and test internet protocol devices in convergence networks
ICTTEN312	Install telecommunications network equipment
